Bimmer drivers get to avoid the 3,000 mile oil change and instead only need an oil service every 7,500 miles for their Intermediate Oil Change and Oil & Safety Service ...

Recommended Oil for BMW Service | BimmerShops

BMW switched to a different type of oil scraper piston ring which may not last long. When these wear out the engine will use a lot of oil. The fix is new rings - either aftermarket or use M52 oil scraper rings. The other cause of excessive oil consumption is the oil separator, like the M52. There can also be problems with the VANOS system.
