Meaning and Melancholia: Life in the Age of Bewilderment ...

The term "melancholia" is one of the oldest terms used in psychology. It has been around since Hippocrates introduced it in the fifth century B.C., and it means "black bile" in Greek. The translation is fitting because Hippocrates believed that an excess of black bile, one of what he labeled "The Four Humours," caused melancholia.

A severe form of depression marked by anhedonia, insomnia, psychomotor changes, and guilt. 2. A symptom occurring in other conditions, marked by depression ...

Melancholia | definition of melancholia by Medical dictionary

What a great movie - full of meaning. What grabs me in this movie is how both sisters react differently: the one suffering from 'melancholy' is psychologically better equipped to face the reality of impermanence. Melancholia is one of the greatest allegories of life's ultimate predicament. The Flobbit • 5 years ago.

Melancholia movie review & film summary (2011) | Roger Ebert

Involuntal melancholia or involuntal depression is a traditional name for a psychiatric disorder affecting mainly elderly or late middle-aged people, usually accompanied with paranoia.It is classically defined as "depression of gradual onset occurring during the involuntal years (40-55 in women and 50-65 in men), with symptoms of marked anxiety, agitation, restlessness, somatic concerns ...

Involuntal melancholia - Wikipedia

The arrival of Melancholia — the planet, that is — reverses the traditional moral of that fable. In the second half of the movie Justine’s fatalism will prove a more viable (or at least a ...

Lars von Trier's 'Melancholia' - Review - The New York Times

It appeared that all mankind had a knowledge, unacknowledged and despised by me, of the meaning of life. It appeared that reasonable knowledge does not give the meaning of life, but excludes life: while the meaning attributed to life by millions of people, by all humanity, rests on some despised pseudo-knowledge.
