"The Hospital" is a better movie than you may have been led to believe. It has been criticized for switching tone in midstream, but maybe it's only heading for deeper, swifter waters. It begins as a farce, and one of the tricky things about farce is its tendency to get hysterical while trying to top itself. Paddy Chayevsky has worked around this neatly by keeping his farcical elements as a ...

## **The Hospital movie review & film summary (1972) | Roger Ebert**

Hospital admission was necessary for 7% of patients randomised to the HaH scheme before they had been discharged from HaH. In Liverpool, eligibility for HaH was 33% and admission was necessary for 9% of the HaH patients within 2 weeks of randomisation to the HaH scheme. The readmission rate at 8 weeks in the Edinburgh study was 25% for HaH ...
