Volvo V70 Emissions Engine Misfire

I have a 2005 XC70 and today it gave me some trouble. I was driving along and it started sputtering, then the check engine light came on, then off when I slowed down and pulled over. No smoke from the engine, no issues. Drove it to an O'Reilly's and used the OBD II to check the code. Gave me a Cylinder #3 Misfire.

The Volvo V70 is an executive car manufactured and marketed by Volvo Cars from 1996 to 2016 across three generations. The name V70 combines the letter V, standing for versatility, and 70, denoting relative platform size (i.e., a V70 is larger than a V40, but smaller than a V90).. The first generation (1996–2000) debuted in November 1996. It was based on the P80 platform and was available ...

P0304 Volvo - Cylinder 4 Misfire Detected - Engine-Codes.com

OBD2 Code P0300 Volvo definition:
Basically this means that the the car's
computer has detected that not all of
the engine's cylinders are firing
properly. A P0300 Volvo diagnostic code
indicates a random or multiple misfire. If
the last digit is a number other than
zero, it corresponds to the cylinder
number that is misfiring.
